

An Appeal

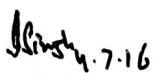

Dear Colleagues:

As aware the next academic session is to commence from 20.07.16. For reasons known to you, the evaluation of script of students who had appeared for semester exam May-June 2016 is still pending and the admission process for academic session 2016-17 has already begun on 30.06.16.

Though with the help of non-teaching staff and some colleagues the college has managed admissions for the first cut off list, yet it goes beyond any doubt that in the interest of the institution whole hearted committed contribution of more colleagues is required for smooth conclusion of admission process.

Needless to emphasise that our existence in the college is only and only because of students & for the students and it should be our endeavour to ensure that we should participate in evaluation of scripts, admission process and of course in conduct of classes and examination.

I hereby appeal to all colleagues to come forward and contribute in the works at hand namely evaluation of scripts and admission process. I am confident that you will rise to the occasion and let students, parents, college, university and society at large feel proud of your contribution in the best interest of students.

(Dr.I.S. Bakshi)
Principal
