Dear Prof. Inderjeet Singh Bakshi,

Hope you're doing well. I am Kishalaya from Internshala- the internship partner of AICTE.

I am happy to notify you that the applications are now open for **Startup Contest 2017**, an initiative by AICTE to identify, award & support students' start-ups & institutions/colleges with best start-up support & ecosystem (more details).

The shortlisted institutions (and shortlisted startups in your institution) will be invited to attend & participate Startup Summit 2017 (a joint effort by AICTE & Vijan Bharti with supports from NITI Aayog, NRDC, MSDE, etc.) at India International Science Festival 2017 in Chennai. For more info on the fest, please visit the official website.

The application deadline for Startup Contest 2017 is **31st August**. Startups in your college can submit their application here at the earliest. The students can also submit their application here - [http://bit.ly/aicte\\_is](http://bit.ly/aicte_is)

I request you to please **forward this information to your students**.

Many thanks,  
Kumar Kishalaya
