

National Science Day

National Science Day is being observed every year on February 28. Themes are selected for celebrating the day offering an opportunity to focus on a common issue and consolidating actions. This year "**Science and Technology for Specially Abled Persons**" has been selected as the theme for observing National Science Day, 2017.

Dyal Singh College wishes to celebrate National Science Day from this year onwards.

As part of the celebration this year and to encourage the students, a lecture cum short film-screening by Professor Anita Julka, Department of Education of Groups with Special Needs, NCERT, New Delhi, has been organised.* In addition, students are invited to participate in the celebrations by exhibiting self-made posters, models, short (5 minutes) presentations etc. on the theme. The exhibits will be judged and the best three will be awarded prizes.

Let us celebrate the day in all sincerity and make it a grand success.

For any queries, kindly contact Dr. P. Chitralkha (pchitralkha@dsc.du.ac.in) / Dr. Nellie Laisram (nlaisram@gmail.com), Department of Botany.

* Venue : College Auditorium.
Time : 9.30am
