Dear Prof. N Bharti,

I hope you are doing well

I am Kishalaya from Internshala - AICTE's internship partner and I wanted your help to spread the word about a special campaign with your students who have recently graduated from your college. Through this campaign, called India Employed, we aim to help 50,000 graduates begin their career via an internship with pre-placement offer (PPO) by March 2018. Till now, 11,500+ students have already secured an internship and with your help, many more graduates will benefit.

Currently, there are 1600+ internships with PPO including internships at Uber, OYO Rooms, Max Healthcare etc and all these internships come with attractive stipends. Applying to these internships is free of cost. This campaign is open for all graduates (any stream)

If you feel that this campaign could help out your graduates then please share the below content (below my signature) with the graduates of your college over email, Facebook or WhatsApp, so that they can begin their career.

Many thanks,
Kishalaya
