

NOTICE

Dear Students,

As aware the college is associated with Internshala and several students have already undergone internship through Internshala in the previous academic session. The College has shared the contact details of all students (academic session 2017-18) with Internshala. All such students have been registered and the verification link has been sent by Internshala to them on their email ID. You are required to verify your account as soon as possible so that you are able to apply for internship, get access to online resume maker, and receive internship update on weekly basis.

(Dr. I. S. Bakshi)
Principal
