Respected Dr. I. S. Bakshi,

Greetings from Subhash Chandra Foundation!

We would like to introduce '**SACH Impact**' **Incubator**, launched by our Subhash Chandra foundation, the philanthropic initiative of Rajya Sabha MP and Essel Group Chairman, Subhash Chandra, in partnership with **LetsEndorse**, to support early-stage social ventures aspiring to solve the problems of millions of Indians.

Two annual cohorts of resolute social entrepreneurs shall be constituted every year, with each one working on one of the 8 focal areas (Education, Healthcare, Clean Energy, Agriculture, Inclusion, Waste Management, Livelihood, WASH), aligning with the UN Sustainable Development Goals. The programme aims to equip them with market access for pilots, financial support to do so, necessary mentorship, knowledge networks & more, to take their solutions to the next level and prepare them to scale and serve the large Indian population.

We believe that your institute - **Dyal Singh College, Lodhi Colony** - with its rich history and it's renowned research centers is the perfect hub for the kind of social innovators we are looking for. We can provide the opportunity to the entrepreneurs in your students to realize their dreams and make way for a brighter future.

We would be grateful if you are kind enough to share the details of the following competition to your various scientists, professors and promising students.

Interested parties can [apply here](#) before 25th June, 2018.

Further details are as follows:
