**VENUE: COLLEGE AUDITORIUM, 10.00 AM ONWARDS**

## CONCEPT NOTE

Indian Knowledge System (IKS) encompasses a vast and diverse array of wisdom, practices, beliefs, and systems that have been passed down through generations. It encompasses various fields including Ayurveda, yoga, Vedas and Upanishads, Jyotish, Sanskrit literature, martial arts, music and dance, architecture, traditional ecological knowledge, festivals and rituals etc. Indian traditional knowledge is characterized by its holistic approach, integrating physical, mental, and spiritual well-being. It continues to influence modern practices and remains a source of pride and identity for many Indians today. The Bhartiya way is sustainable and strives for the welfare of all. We must regain the comprehensive knowledge system of our heritage and demonstrate the 'Indian way' of doing things to the world. This requires training generations of scholars who will demonstrate and exemplify to the world a way of life so unique and peculiar to our great civilization. The IKS is to be incorporated scientifically in the schools and higher educational curriculums. The objective of this seminar is to have engaging discussions and to bring a diverse scholar to discuss and share their knowledge on IKS.

### Themes

*Ancient Indian Knowledge System  
Ayurveda and Traditional Knowledge  
Tribal's and Indigenous Knowledge*

*Himalayas and Knowledge System  
Vedic Science  
Indian Indigenous Education System*

## ABOUT THE COLLEGE

The Dyal Singh College, University of Delhi is a NAAC Accredited Grade-A with CGPA 3.15 and NIRF Rank 48 (2023) College. The aim of the college is guided by the Will of its founder Sardar Dyal Singh Majithia. The aim of the college is to provide and disseminate a sound liberal education of highest standards and promote overall physical, mental, and moral well-being of all stakeholders to empower them to contribute whole-heartedly in nation-building and to serve humanity as socially responsible global citizens.

The mission of the college includes:

- To mentor students in their academic, research, and co-curricular pursuits so as to realise their true potential.
- To mentor students to be sensitive and compassionate to the needs of differently abled, less privileged, and be the protector of environment to ultimately become true global citizens.
- To promote diversity, ethical values, leadership etc. and provide enriching learning environment with ample co-curricular & social activities for an enhanced learning experience to usher a paradigm change in our world.
